From new office buildings to new schools, apartment blocks to warehousing, **Contractor Network UK** tracks thousands of new building projects each year.

To ensure your product or service is in front of the right person at the right time our researchers identify key decision makers at each stage of the project.

Whether you need advance information of new projects in the pipeline or at the contract award stage when the Main Contractor has been appointed, we'll make sure you know about it first.

Why are more and more companies choosing to subscribe with **Contractor Network UK**?

Our service gives you an immediate advantage over your competitors and direct access to key decision makers who are ready to place orders with your company.

- ✓ Buyers & Commercial Directors
- ✓ Main Contractors & Contract Managers
- ✓ Quantity Surveyors & Estimators
- ✓ Architects, Surveyors & Project Managers
- ✓ Clients & End-users
- ✓ Homeowners & Household

“Your information is excellent. Companies who fail to identify and act on new business opportunities will lose out.”

Those are the words of just one of our many subscribers who needed high calibre sales leads at an affordable price.

Wherever you're based, whatever the size of your business, if you're looking for new contracts choose Contractor Network UK.

How does the service work? It's simple:

We do the legwork, you win the contracts.

Our researchers monitor and track thousands of new building projects throughout the UK, from new-builds to conversions, refurbishments to extensions.

Be it a 20k loft conversion or a £50 million city centre commercial development, we'll tell you what's being built, where it's being built and who the decision makers are on each project.

Qualified leads tailored to suit your requirements

The Lead Selection form (see next page) tells us the value of contracts you prefer to take on, the type of projects you want to target and the geographical area that you cover.

We don't just offer you more work but more profitable work by bringing you together with the right type of customers and clients for your business.

• **Select your area:**

1. Local; (i.e. a 50 mile radius of your premises);
 2. by county or counties;
 3. by region or regions;
 4. UK-wide*.
- (*no extra charge for national coverage)

• **Select the value of contracts you prefer to take on:**

1. below £50,000
2. £50,000 - £100,000
3. £100,000 - £250,000
4. £250,000 - £500,000
5. £1,000,000

• **Select the project categories you want to target**

Our subscription packages are cost effective and suitable for all budgets, ranging from a 12 month corporate solution to a 4 month small business package.

The price is based on the number of leads you would like to receive each month.

Sub period	Number of leads per month	Total Price
4 months	minimum of 40 (max 60)	£295
4 months	minimum of 100 (max 125)	£750
6 months	minimum of 40 (max 60)	£395
6 months	minimum of 100 (max 125)	£995
12 months	minimum of 40 (max 60)	£695
12 months	minimum of 100 (max 125)	£1595

Every lead is tailored to suit your requirements. If a project is too small or too big for your company it's a wasted lead.

No lead is ever duplicated. With Contractor Network UK you will never receive the same lead twice.

Unlike our competitors your leads will never be compromised by a free-for-all approach to the information. We restrict the number of subscribers to a maximum of three companies per trade, industry sector or profession.

The leads are delivered by email either weekly, fortnightly or monthly – whichever suits you most – and in three formats to give you maximum flexibility with the data:

Single PDF file; Single Word Document;
Single Excel Worksheet ready to import into your own database.

Ready to subscribe? Call us on 024 7670 5614.

Please note: All subscriptions must be paid for in advance.
